

# San Joaquin Geological Society

**\*VIRTUAL MEETING Optional\***

**Date: Tuesday, November 9th, 2021**

**Time: 6:00 PM Social Hour**

**7:00 PM Dinner (Zoom link open)**

**7:30 PM Lecture**

**PSAAPG Members**

\$30 with reservation

\$35 without reservation

**Non PSAAPG Members**

\$35 with reservation

**Full-time Students with ID:**

\$15

**Place: American Legion Hall (Zoom link to follow)  
2020 H Street, Bakersfield, CA 93302**

**\* RSVP \***

**By: noon Monday,  
November 8, 2021**

Register online:

<http://www.SanJoaquinGeologicalSociety.org/>

Pay online *or* at the door

**Our virtual lecture will  
be held via Zoom.  
Meeting link and  
access code to follow!**

## **Case Examples of Doing Literature Review for Oil Field Management, Why Care?**

**Presented by:**

**Tom Hampton**

**Abstract:** While we are in the age of information, there is an overload of emails and phone calls. It is easy to neglect doing a literature review of "old stuff" that relate to the field we are managing. As 40-year experienced reservoir engineer on various projects, I will show various examples/benefits to on-going projects by "reading" both SPE and AAPG "old stuff" literature.

Examples / Benefits

- Key Well Data & Darcy Equation as Framework
- Personal Library – Directories on the Cloud
- SPE Papers - Midway Sunset (Bremer)- PowerPoint
- AAPG Papers - Arroyo Grande - Google Earth
- Field Guidebook – Google Earth

~~~~~  
**Biography:**

- Tom has Wide experience with small and large oil companies in several different basins in the U.S. Specialties: Reservoir management of conventional and unconventional oil and gas reservoirs in greenfield development and brown field re-development. Experience in Reservoir Characterization, steamflood, waterflood, ASP (chemical) flood, and gas condensate reservoir engineering.
- Currently President of Thomas N. Berry & Company in Stillwater, OK, also owner of small oil & gas company, Hampton Family Investments, LLC
- Past Companies: Sentinel Peak Resources, Aera Energy, Oxy Elk Hills, Schlumberger, Bechtel Elk Hills, Thomas N. Berry & Company
- Author of several SPE papers, Registered Petroleum Engineer
- Degree in Petroleum Engineering and MBA from University of Oklahoma
- Math degree from Brigham Young University
- Married to Sherri Windsor for 29 years, 3 children, and 6 grandchildren
- Hobbies: Family History, reading, traveling
